

Why Online Ordering?

- Expand customer reach (more people just like to order online).
- Avg. ticket is higher because customer has time to focus and is not rushed.
- Fewer busy signals on the phone and less customer wait time.
- Pre-paid order that eliminates the "no show." No fake orders allowed (unless they want to pay for it 😊)
- Papa John's crosses \$1 Billion in sales online (cumulative to 2008) which is a good indicator of where things are going.

Key Questions

How long does it take for my site to be up?

Our average time is **7 working days**, depending upon your graphic design needs.

Do I need to have a computer at the store?

No. All online orders are printed in detail on a thermal printer that connects to your phone line. Having a computer and internet connection is helpful but not necessary.

What kind of support is provided?

Fanatical. Your website should never be down. Our support works 24 hours a day and 365 days a year. We make it easy for you to contact us on the web or by phone.

What does it cost?

For as little as **\$2 per day** you can have online orders flowing in.
